Personal Statement

Undergraduate Computer Science student at the University of Leicester looking for part time work in hospitality. Previous experience includes full time work as a PCB Design Engineer as well as experience in the catering industry prior to this. I am therefore comfortable in public facing roles and have acquired the skills necessary for these roles. My best areas are motivation, innovation and ambition; also I am a conscientious worker. I am easily adaptable to various disciplines and very much eager to learn / develop further knowledge.
